

Share your experience on overheating and heatwaves.

→ Have you been impacted by heatwaves this summer?

→ Do you work or volunteer within the Voluntary, Community and Faith Sectors?

→ Are you based in the Greater London area?

Shade the UK are looking to interview people about their experiences with overheating and how they are impacted by heatwaves.

What is this project about?

Heat risk is growing in the UK. In Summer 2022 over **3,000 people died** as a result of extreme summer temperatures, significantly impacting London.

This project is a collaboration between Shade the UK, Love Design Studio and the Greater London Authority to inform work on the Heat Risk Delivery Plan (HRDP) for London.

How do I participate?
